Our Roads

Announcement of tentative allocations of road construction funds for 1925 totaling $4,840,000 has been made by H. G. Shirley, Chairman of the state highway commission. It is estimated that 194 miles of highway can be built during the year with this sum, but it is said that there are about two thousand miles more to be built to complete the system. In spite of the large amount of work yet to be done, Chairman Shirley is optimistic as to the progress Virginia is making in road building, according to advices received from Richmond.

Amounts allocated to projects in this district are as follows:

Route 10—Camp No 32, Concord five miles west (grading, drainage and bitulithic macadam),$100,000.

Route 10—Farmville-six miles west (to complete concrete surface), $20,000.

Route 20—Sugar Hill-intersection soil road next Phenix,$60,000

Route 10—Prospect-Appomattox (grading and drainage an l soil), $46,000.

Route 32—Five miles south of Farmville-south, $60,00.

The splendid stretch of concrete road in the center of town was thrown open to the public yesterday. It was constructed by the State, and it is true that the State has on the work between this point and Concord Depot the best organized construction force we have ever seen and the work accomplished is a credit to those in charge and the State. Messrs. Higginbotham, Mays and Hardy are producers, while many were enjoying Thanksgiving quite a number of the force were engaged in unloading material in order that the State might not be mulched for demurrage by the railroad.

With net profits of $75,000,000 the Virginia Railroads are prospering and the toll taken from shippers is thereby impoverishing. Recently two calves were shipped from here to Petersburg and returns showed that the transportation cost was approximately one-third of the sale price of the calves. We want to see our roads prosper and make dividends, but we don't want them to take all of the life out of our shippers. How long will the government allow the transportation companies to slaughter the lambs who feed the wolf.

Three thousand orphans of the Near East are cared for by Virginia Training School of Virginia and Governor Trinkle has issued a proclamation for Virginia to observe Golden Rule Sunday December 7, 1924. The Baptist will not put on the drive until after December 25, the chairmen of the denomination are permitted. Methodist churches chairmen:

Mrs. Bettie Tolley

On Thursday, November 27th, 1924 the death angel entered the home of C. L. Tolley and called his mother Mrs. Bettie Tolley home. She was 36 years old and was the wife of P. L. Tolley, who preceded her to the grave years ago. "Grandmother Tolley," as she was familiarly known in her neighborhood, will be missed by all. She was a devoted, patient, forgiving, christian mother, a good neighbor and a friend to all. She was one, whose shining example of life was spent in a quiet way and to sum up her life this seems to have been her motto amidst trials and troubles that come to all alike, no more or less than, "I will praise Thee O Lord with my whole heart; I will show forth all thy marvelous works; I will rejoice in Thee."

Shortly before she died she raised her voice in praise to God, singing her favorite song, Jesus Lover of My Soul.

Rev. C. R. James conducted the burial service. His message was tender, appropriate and comforting. The songs used were Rock of Ages, Safe in the Arms of Jesus, Nearer My God to Thee, Jesus Lover of My Soul.

She leaves to mourn the greatest loss they've known and ever will know, two sons, C. L. and Thomas H. Tolley, three stepsons and one step daughter, Mrs. Lou Davis. She leaves also eleven grandchildren and sixteen great grandchildren. Her grandsons acted as pall bearers, She was laid to rest beside her husband in Pony Ridge cemetery on Sunday morning, November 30th.

Wisdom and Reason

Wisdom one day said to Reason: I were well to love one's enemies and return good for evil. Reason that day listened on the loftiest peak to his king ons at last was fain to agree the Judge is not yet mature and weak or further alone—Masterlinck.

Establish "Eye Court"

First steps toward a city and State law that will aim to reduce automobile accidents in Virginia were taken when eight persons charged with various auto accidents over the week-end were examined in Police Court for defective vision. The examination was conducted by Dr. Maurice Kohnenser, president of the Virginia State Optometric Association, and was done with the full co-operation of Captain C. S. Samuels, head of the traffic department, and Police Justice John Ingram. Offenders will in future be examined by an eye specialist before they are presented in Police Court, regardless of offense, and those with defective sight will be warned to have the defect corrected. A second offense will bring a double fine in Police Court and permit will be revoked if the same person is arrested the third time for violation of the motor laws.

A room adjacent to the Police Court has been fitted up with necessary instruments to conduct the examinations, and it will be known as the "Eye Court." All persons charged with violations of the traffic ordinance will be examined before going to court to face the police justice, and many fines will be affected by the results of the examination.

Seeks Military Unit

An application for permission to organize a military unit at Damascus was received by Adjutant-General W. W. Dale. The full quota of units allowed the guard this year has been reached, and the application will be placed on file, General Dale stated.

Calls For Help On Income Audit

Collector of Internal Revenue Noel has been compelled to call for assistance in auditing the income tax returns of individuals for this year. Two field deputies of the Virginia branch of the revenue service have been called to Richmond to lend a hand. They are W. C. Staples, of Lynchburg, and Charles P. Pratt, of Accomac county. The collector has a large section clerks at work on hand. As the fiscal year closed 5,000 returns of individuals came in.

Bitter Will

Following is an extract from a will recently probated in Manchester, England: "I desire that my wife shall not receive one penny from my estate, for she and her son have led me a hell upon earth life, and when it pleases the Almighty to call me, it will also please me to be taken from such a woman."

The railroad Company is responsible for making the only other crossing in the town impassable by raising its track so high that no loaded team can get over it—a damage to property and an inconvenience already endured too long by our people. Friends of the family here followed the remains to the old home cloth of the Wheelers in Campbell—Bethany, near Rustburg, where Rev. D. G. Trent of Memorial church conducted funeral services and the remains were interred Saturday. The choir of the church sang several selections and Miss Ruth Clement sang "Safe in the Arms of Jesus" by request of the family, with Mrs. W. B. Caldwell organist. Uncles of the deceased acted as pall-bearers and cousins as flower-bearers.

The little mound was covered with flowers brought by friends who feel with the grief-stricken parents their sorrow.

Terrible catastrophes, such as the Japanese earthquake, prove the wisdom of the people in maintaining the American Red Cross as their national and international relief agency. The readiness of the Red Cross for duty in the greatest of emergencies was also proved by last.

The record shows:- Sept. 2, President Coolidge assigns the duty of raising $5,000,000 to the American Red Cross; Sept. 4, Red Cross Chapters in over 2,000 communities given final instructions; Sept. 12, fund totals $5,562, 609; Sept. 17, fund nearly $8,000,000 and President announces formal closing of campaign; Sept. 27, fund passes $10,000,000 mark.

In 21 business days the Red Cross doubly performed the duty entrusted to it—all the while keeping a steady flow of relief supplies going out from many Pacific ports to the stricken areas in Japan. Thus was the confidence of the American people in their Red Cross justified and the wisdom of Red Cross preparedness to cope with an unprecedented relief emergency demonstrated.
